4.   To check the validity of permit

The permits validity can be checked at any instance of time. This can be done by entering the permit number in the following screen and after submitting the same permit can be validated.

5.   Do's and Don'ts

The Web application caters the needs of mainly two type of users one is the user who is interested in visiting Rohtang for tourism purpose and another type of user is the one who is interested in the places beyond Rohtang (like   Leh Keylong etc.). So in the same manner there are two types of permits issued by this web interface.
